

Maximize Mobile Banking with Q2

Q2's mobile solution offers a true unified user experience across all devices for consumer and business users alike, providing account holders the modern, consistent, mobile experience they expect. With an adaptable architecture that's easy to scale and customize, financial institutions can close the mobile expectation gap, keep pace with consumer and business owners' expectations, and stay ahead of competitive pressures.

Key Features

Consistent design—same user experience regardless of device

Gauge user sentiment in app stores with an in-app rating prompt

Modern, engaging, personalized experience

Users stay on top of finances with customizable alerts

Quick access to finances with fingerprint login for Android and iOS

Secure and convenient access to finances with 4-digit Passcode

Enhancements to Your Mobile Banking Platform

Q2 Person-to-Person (P2P) Payments

A secure, integrated P2P payments solution that gives your account holders the ability to directly pay anyone quickly, easily and securely, from any device. Q2 P2P is designed to help you retain account holders by offering fully integrated P2P payments within your existing digital banking experience.

Account Opening

Attract new account holders by giving them the freedom to securely open a checking or savings account from any device, anywhere at any time. Our account opening allows you to acquire account holders through a simplified and highly intuitive application and online enrollment experience.

Contextual Personal Finance Management (PFM)

Equip your account holders with an integrated PFM experience they can rely on to manage their financial portfolio anywhere at any time. Contextual PFM allows you to better understand your account holders' behaviors inside and outside of your FI, strengthen their financial literacy, and keep them as engaged consumers.

Corporate Banking

Win and serve account holders of all business sizes by enabling them to manage their business in a modern and consistent user experience while on the go. Q2's Corporate Banking is designed to help you scale your infrastructure and compete for large and valuable corporate accounts.

Q2 SMART

Provide more targeted and accurate product recommendations to your account holders while they access Q2 Online Banking on the go. Through behavioral insights, Q2 SMART allows you to anticipate the needs of your customers and deliver the next-best product offering right to their mobile devices.

Mobile Remote Deposit Capture (mRDC)

A modern and convenient way for your account holders to make a mobile deposit anywhere at any time. Q2 mRDC is an essential solution to providing your account holders with the ultimate mobile-first experience.

Q2 is the Mobile Platform Provider You Can Trust

Mobile banking is the gateway to growth. In partnership with Q2, you can exceed account holders' mobile expectations with robust offerings and a rich experience, opening the door to increased market share and loyalty. As your partner in innovation, Q2 joins proven user research and design with technical expertise to help you stay current and thrive in the mobile era of banking.

We can help.
